## Summary

Born and raised in Fresno, California.

California State University Fresno Alumni Class 2022, first generation college student

Bachelors Degree in Mass Communication and Journalism with an emphasis in Film and Media Arts,

About six years of multi-media/production experience in studio and in the field. Multiple roles; Camera Op., Audio Mixer, Director, Floor Director, Graphics, Live Shot, Parabolic Microphone Operator, Production Setup, Set Maintenance, Teleprompter. About five years of camera op. experience, nine years of freelance photography and videography.

Currently work two jobs, full time news photographer for local news KSEE24 and CBS47 in Fresno, California. In my spare time I also work for Fresno State Athletics as a sports photographer and the video production crew.

I strive to continue my love for all things film and media. After graduation I began my career as a news photographer and quickly admired the position. The importance of news media and the powerful stories you encounter daily is amazing. I also hope to fulfill my love for film at the professional level. I have three years experience in screenplay and storyboard writing. I not only studied courses that taught me the process of film writing but also the steps to post-production. Experience with Adobe Photoshop, Lightroom, PremierPro, Excel, and Final Cut Pro. Familiar with programs such as AVID, Movie player, TDQs, Linux, VTC rooms, and EDL's but open to learning more about the programs.
